10.8 Testing Organization & Results

Collected samples will be analysed usually within 48 or 72 hours of collection at a WADA-accredited laboratory, and results will be directly notified to the FISU Medical Chair. Athletes who test positive for banned drugs and fail the doping test may be subject to disqualification and disciplinary action.

10.9 Additional Controls Requested

A team may request for doping control tests to be performed on an athlete who has not been selected for doping control. Examples of indications for this request are for National Records, or Target Testing. These athletes have to complete the “FISU Doping Control Request Form”. They will then be escorted to the Doping Control Station. Costs for these tests will be the responsibility of the requesting organization. Results management for these tests will be the responsibility of FISU and the appropriate International Federation.
