

THE 30th SUMMER UNIVERSIADE NAPOLI 2019

On March 2016, FISU (International University Sports Federation) attributed the 30th Summer Universiade to Campania Region. The event is scheduled from July 3th to July 14th, in more than sixty sports venues located all over Campania's territory. Those venues will host training and competitions for 18 sports: athletics, football, artistic gymnastics, rhythmic gymnastics, judo, swimming, basketball, volleyball, water polo, rugby sevens, fencing, taekwondo, table tennis, tennis, shooting sports, archery, diving, sailing.

For relevance and number of participants, the Universiade is just second to Olympic Games and its uniqueness comes from its power to combine sport values with culture.

A great international event, an extraordinary opportunity for the city and for Campania to promote the values and the beauties of its territory all over the world and to restore the image of Italy as a country of culture and sport.

Napoli 2019 will be the eleventh – among Summer and Winter editions - Universiade in Italy: the first one took place in Turin back in 1959. Sixty years ago exactly.
